

DATA SOLUTIONS

Euronext informs clients that a new release of the Data Shop SFTP service (data.prodnr.euronext.cloud) will be effective on 13 May 2024.

This release includes improvements such as:

- Increased download performance
- Increased performance when listing folders

Further to this release, the number of simultaneous connections per unique SFTP user allowed on the Data Shop SFTP service will be limited to 10 (ten). Any connections above said limit will be automatically dropped.

Euronext advises clients using automated/parallel scripts to connect to the Data Shop SFTP service to check their configuration to ensure that they comply with the above-mentioned limitation.

NOTE: The URL and IP addresses of the Data Shop SFTP service will remain unchanged.
