The CFI (Classification of Financial Instruments) code is maintained by the International Organization for Standardization (ISO). The CFI code consists of six alphabetic characters and is issued by ANNA (Association of National Numbering Agencies). This section provides only a brief overview of the construction and meaning of the CFI code; for a detailed explanation please consult www.anna-web.com.

2.4.1 CFI First Character – Category Level

The first character indicates the highest level of classification and differentiates between six generic categories: Equities, Debt instruments, Entitlements (Rights), Options, Futures, and Others.

For certificates, warrants and structured notes Master File, only two categories are relevant:

- Debt instruments = D. The construction of the six-letter CFI code starts with D (D-*-*-*-**)
- Entitlements = R. The construction of the six-letter CFI code starts with R (R-*-*-*-**)

2.4.2 CFI Second Character – Group Level

The second character of the CFI code indicates specific groups within each category.

For the debt instruments category there are six groups:

- B = Bonds (D-B-*-*-**)
- C = Convertible Bonds (D-B-*-*-**)
- T = Medium-term Notes (D-T-*-*-**)
- W = Bonds With Warrants Attached (D-W-*-*-**)
- Y = Money Market Instruments (D-Y-*-*-**)
- M = Miscellaneous (D-M-*-*-**)

For the entitlements category there are five groups:

- A = Allotment Rights (R-A-*-*-**)
- P = Purchase Rights (R-P-*-*-**)
- S = Subscription Rights (R-S-*-*-**)
- W = Warrants (R-W-*-*-**)
- M = Miscellaneous (R-M-*-*-**)

2.4.3 CFI Third, Fourth, Fifth and Sixth Characters – Attributes 1,2,3,4

For debt instruments, the attributes have separate possibilities depending on the group of the debt product. For exact details please consult www.anna-web.com. Here is a summary of the four attributes for debt instruments:
