3. CFD USE LICENCES

CFD Use Licences entitle the Contracting Party and/or its Affiliates to engage in the Use of Real Time Information Product, in whole or in part, for the calculation and/or provision of prices for trading in contracts for difference (CFDs), spread betting, binary options and other instruments tradable on a CFD Platform in accordance with the Agreement.

Please indicate below whether the Contracting Party and/or its Affiliates are engaged in the CFD Use of Real Time Information.

- Not Applicable**, the Contracting Party and/or its Affiliates are not engaged in the CFD Use of Real Time Information (please proceed to section 4)
- Applicable**, the Contracting Party and/or its Affiliates are engaged in the CFD Use of Real Time Information (please complete the rest of this section 3)

If the values or prices for trading in instrument on the CFD Platform(s) constitute Information, the Contracting Party is required to enter into an EMDA with Euronext.

3.1 BASIC CFD LICENCE AND CFD USER LICENCE

Formatted: Right

The CFD User Licences solely apply if the values or prices calculated through the CFD Use of the Real Time Information constitute Original Created Works. The CFD User Fees for the applicable tier apply once per Contracting Party per information Product and in addition to the Basic CFD Licence Fee.

Tier 1 CFD User Licence – allows up to 500 (up to and including five hundred) Users to be enabled to access or trade on the CFD Platform(s) of, and/or in case of CFD White Label Services facilitated by the Contracting Party.
Tier 2 CFD User Licence – allows up to 2,500 (up to and including two thousand five hundred) Users to be enabled to access or trade on the CFD Platform(s) of, and/or in case of CFD White Label Services facilitated by the Contracting Party.
Tier 3 CFD User Licence – allows up to 10,000 (up to and including ten thousand) Users to be enabled to access or trade on the CFD Platform(s) of, and/or in case of CFD White Label Services facilitated by the Contracting Party.
Tier 4 CFD User Licence – allows more than 10,000 (more than ten thousand) Users to be enabled to access or trade on the CFD Platform(s) of, and/or in case of CFD White Label Services facilitated by the Contracting Party.

If the Contracting Party can and will provide (auditable) records/proof of the number of Active Users on Euronext’s request, including during an Audit, the Contracting Party may base its selection of the CFD User Licence on the number of Active Users. For the purpose of this paragraph an Active User is defined as a User who during a particular month at one time held a position in an instrument where the value or price is calculated based on Real Time Information and constitutes an Original Created Work.

If a User has multiple accounts the Contracting Party is allowed to net these accounts with regard to the CFD User Fees, if it can be demonstrated that the account belongs to the same User. A Contracting Party needs to take into account all active accounts for CFD User Fees if this is not the case.

If the Contracting Party can provide proof, including during an Audit, that it already pays the Display Use Fees for a particular User for the relevant Information Product, this User does not need to be taken into account for the CFD User Licence for the respective Information Product.
